GAMES CATALOG

Bellz

Bellz is deceptively simple and yet supremely challenging at the same time.

Just open the travel pouch and you're ready to play! The pouch opens to become the game arena. Inside there are 40 custom bells in 4 colors and 3 different sizes.

Players use the magnet wand to pick up bells of only one color. Make a string off the end of the magnet wand, or create a cluster — just don't pick up bells of any other color or the turn is over. The first player to collect all 10 bells of one color wins!
